Benefiting

Women & Infant Care

Presented by the Lockhart Family

Your partnership

Impacts hundreds of new mothers facing barriers to care. Your support is the most tangible way to impact at-risk mothers and their babies.

Our reach

The visibility of sponsor support extends to nearly **15,000** households digitally and by mail - multiple times a year.

The Lockhart Family

Portrait by Sigmon Taylor Photography

We invite you to join us as a sponsor for our **First Annual John Lee Lockhart, M.D. Memorial Golf Tournament**.

Riverside Health delivers over 3,000 babies annually. Hundreds of these mothers face barriers to care and struggle with basic needs during their pregnancies and after delivery – transportation, food and housing insecurity, and domestic abuse.

As part of our efforts to effect meaningful change, the Riverside Foundation has joined forces with Partners in Women's Health in the effort to support at-risk pregnant patients with some of these needs. Many of these women also face complicated medical challenges. Our efforts aim to reduce morbidity and mortality rates for these mothers and their infants. Your contributions and partnerships can make a real difference in their lives by providing our care teams with essential resources to support our community at a critical time in their lives.

We are hopeful that you will join us and extend your support to help impact these lives and have an immeasurable influence on the future of our patients, and the community in which we live.

Kristen Beam Witt, M.S.
Associate Vice President
and Chief Philanthropy Officer

Joseph K. King, M.D.
Women's Service Line Chief
Riverside Medical Group

Last year

3,918

OBSTETRICS PATIENTS WERE SEEN AT

**Riverside
Health**

15.5%

OF THOSE PATIENTS
Identify as being at-risk
for one or more social
determinants of health.

▶ *608 women*

WHAT ARE

social determinants
OF HEALTH?

- ▶ Lack of reliable transportation to care
- ▶ Food insecurities
- ▶ Housing instability
- ▶ Abusive environments

Compared to the national average, Virginia had a higher infant mortality rate and a higher maternal mortality rate last year.

We can help
With Your Support.

As part of Riverside's continuum of care for mom and baby, Riverside Regional Medical Center offers an antepartum unit, labor and delivery, woman and infant care and the only level 3 neonatal intensive care unit (NICU) on the peninsula.

"Our multi-disciplinary team, including specialized perinatologists, are focused on comprehensive care for mothers and their unborn babies. Our goal is to utilize advanced diagnostic tools and specialized collaborative care to strive for the best possible health outcomes."
