Hosted by: Riverside Health

Give Back to the Community

The Riverside Medical Group APP Committee invites our conference participants to “GIVE BACK” to our communities.

The Riverside Simulation Training Lab, dedicated in memory of Dr. Brandon D. Rogers, is the culmination of a three-year collaborative effort among the Rogers family, community donors, Riverside medical staff, and the Riverside Foundation. This 8,400 square-foot facility, outfitted with specialized clinical areas and a procedural suite, is designed to emulate the clinical environment and provide a safe place for medical staff/providers to develop, learn and practice skills to ultimately improve patient care.

For more information and a virtual tour of the Sim Lab, please visit us here.

To make a donation to the Sim Lab, please visit us here.

Latisha's House

Latisha's House is a non-profit organization established to help women who have been victims of sex trafficking regain the independence, confidence and vocational skills they need to successfully integrate back into society. Services such as safe housing, GED tutoring, counseling, and social and medical services are offered to assist these women with their complex needs. Through donations and community support, these services are available to meet the needs of this special, but often overlooked, population of women.

Conference participants are invited to bring the following items for donation:

Paper goods: paper plates, toilet paper, tissues

Dish detergent/soap, laundry detergent, cleaning products

Bed sheets: twin, full, queen

Gift cards: Target, Walmart, Wawa, nail salons, beauty stores (Ulta, Sally's)

Nail polish, nail polish remover, nail files

To make a monetary donation online for Latisha's House, please visit the website and indicate that your donation is from the Riverside APP Conference.
